

Description

The Convent of Nuestra Señora de los Ángeles de la Hoz is located in the Duraton Canyon in Segovia, Spain. The site consists of the ruins of a 13th Century Convent that is believed to have been established by the Franciscan Order. The site was abandoned in the middle 19th Century and had notable visitors including Queen Isabella and King Philip II. Accessing the site is possible only by boat but for a few months during the year when it is possible to visit the site on foot when river water levels are lower.

The 3D model was made using 4,356 images captured with a DJI Phantom 4 Pro V2 drone; images were processed in CapturingReality; additional processing was completed in Geomagic and Instantmeshes.
