

## Description

The 18th century jail of Villarrubia de los Ojos, built on the ground floor of the old City Hall building, is located in the center of the town of Villarrubia de los Ojos (Ciudad Real, Spain). As in other jails of the same period, the walls of some cells contain engravings. Among all of them here it is possible to distinguish a female figure, which appears with the sexual organ very marked. Religious motifs such as crosses, sacred hearts, etc. have also been identified.

3D model was made in Reality Capture using 81 images. Additional processing was completed in Geomagic Wrap, Zbrush, Substance Designer, and Blender.
