

Description

This 18th century jail is located in the basement of the old Town Hall of Villarrubia de los Ojos (Ciudad Real, Spain) and is one of the few remaining examples of this type of structure in the region. This 3D model is only a part of the old jail structure. This section of the jail currently belongs to the Círculo de la Unión Recreational Association, and we would like to thank this organization for its collaboration in this project.
