

## Description

This is a point cloud of the INAF Capodimonte Astronomical Observatory located in Naples, Italy. The point cloud was created from 94 scans captured using two FARO Focus3D S70 laser scanners. The scans were processed in FARO Scene, with additional processing completed in CloudCompare.

## Specifications

**Country:** Italy

**Region:** Capodimonte-Naples

**Site:** Astronomical Observatory

**Age:** Modern Age

**Digitization date:** 25/09/2019

**Photos / scans number:** 90

**Hardware:** FARO Focus3D S70

**Lighting:** Interior

**Model URL:** <https://gdh.org/model/inaf-capodimonte-astronomical-observatory/>
