

Description

Catapult projectile excavated from the citadel in Calatrava La Vieja (Carrión de Calatrava, Spain). These projectiles were used during the Middle Ages to besiege and attack fortresses, as their impact could knock down walls and towers.

Proyectil de catapulta aparecido durante las excavaciones de la alcazaba en Calatrava La Vieja (Carrión de Calatrava, España). Estos proyectiles fueron usados durante la Edad Media para asediar y atacar fortalezas, pues su impacto podía derribar murallas y torres.
